

What's Next?

Next Steps

FIND YOUR WAY AROUND

- Explore the [NVIDIA NeMo](#) developer page to find information and resource links
- Explore the [NeMo Developer Guide](#), which includes:
 - Many more details about the NeMo libraries.
 - Tutorials in Speech Recognition, NLP, and Speech Synthesis
 - Instructions for creating your own neural modules for NeMo
- Explore the [NVIDIA Triton Inference Server](#) developer page to find information and resource links

PROJECTS AND LEARNING

- Create projects inside a [DLI Base Environment Container](#) for this course pulled from the NVIDIA GPU Cloud
- Create your own pre-trained Language models
 - [Pre-Trained BERT](#)
 - [Transformer-XL](#)
